ACKNOWLEDGING THE LANDS AND THE WATERS WE CALL HOME

Acknowledging the lands and the Indigenous Nations before us we are humbled to imagine the gentle wake of the canoes and the blade of the paddles gently and gracefully marking the waters.

Use the lands in a good way, leaving only a soft footprint on the land and caring for the gifts she provides.

Wind and trees working in unison, still singing the songs today as in the hundreds of years past. We acknowledge these Sacred Gifts of Mother Earth in our local territories of the Indigenous peoples.

An explanation of key punctuation rules:

- All children/grandchildren etc. of owners are listed in italics. Step-children of owners are not italicized.
- Children of owners (and their families) are separated by a semi-colon, whereas their children are separated by a comma.
- Where children of owners have a family, they are listed as: *child (m. to John Doe) & children: one, two, three.*
- Where grandchildren of owners are married/have a family, the grandchild's family is shown in brackets and is listed as: *grandchild (m. Jane Smith & children: one, two, three).*
- Marriage is indicated as "m". A first marriage that has ended is shown as "m.1". A second marriage is shown as "m.2". Cohabitation is shown with the name of the partner in brackets, e.g. "(name)".
- Joint ownership by a couple is indicated by "&". Sole ownership within a couple is indicated by "m."
- There are many different family configurations. We have done our best to make them as clear as possible.
